

# 2019 Los Angeles County Arts Internship Program

Summer 2019

## APPLICATION GUIDELINES

Application deadline: Wednesday, October 17, 2018

---

### LOS ANGELES COUNTY ARTS COMMISSION

---

The Los Angeles County Arts Commission fosters excellence, diversity, vitality, understanding and accessibility of the arts in Los Angeles County. The Arts Commission provides leadership in cultural services for the County, including information and resources for the community, artists, educators, arts organizations and municipalities.

---

### PROGRAM PURPOSE

---

The LA County Arts Internship Program supports and strengthens the cultural sector of LA County by providing access to high-quality opportunities for college students of all backgrounds to gain experience, understanding, and transferrable skills relevant to careers in the arts, the creative economy, and engagement in public life. In 2000, the Los Angeles County Board of Supervisors established the Art Internship Program, which provides internships for nonprofit performing, presenting, literary and municipal arts organizations as a companion program to the Getty Multicultural Internship Program, which provides internships to museums and visual arts organizations. Students develop an understanding of the work involved in nonprofit arts administration and the role of the arts in communities, and develop skills that can be put to use in their future careers. Participating organizations gain the assistance of a motivated student to help with special or seasonal projects while supporting new leaders and advocates in the arts sector, who may go on to pursue arts careers or take on board or volunteer responsibilities.

In 2017, the Board of Supervisors expanded the number of positions funded through the program as part of the Cultural Equity and Inclusion Initiative (CEII) in recognition of the unique role of workforce development opportunities like the Arts Internship Program in addressing continued disparities of equity and access to arts careers. The Board stipulated that the additional positions be reserved for community college students, emphasizing inclusivity of those from communities that experience barriers to arts access.

The Los Angeles County Arts Commission gratefully acknowledges the support of The Getty Foundation in providing the funding for the educational program components of the Los Angeles County Arts Internship Program.

---

### WHAT'S NEW

---

- The requirement that students work full-time during the program has been modified to instead allow students to complete their 400-hours internship over a 12-week period.

This is meant to allow flexibility for students and organizations while meeting the goal of a meaningful work experience.

- The enrollment requirement that students have complete one semester’s worth of college before the start of internship period has been eliminated. This is to simplify eligibility and resolve past confusion about part-time versus full-time, and quarter versus semester, school schedules.

Please see the “Student Eligibility” and “Work Schedule” sections for more information.

- Are currently enrolled as undergraduates, including students enrolled in associate's degree (community college) programs.
- Are residents of Los Angeles County attending college outside of the region or currently attend college in Los Angeles County.
- Are able to legally work within the United States.

Students who are on track to complete their undergraduate degree, or transfer from a community college to a four-year institution between May 1- September 1, 2019, are also eligible.

---

## Organizational Responsibilities

---

### Recruiting and Hiring

**Organizations receiving grants through the Arts Internship Program are responsible for recruiting, interviewing, hiring and training eligible interns.** The Arts Commission is committed to cultural equity and inclusion; all participating organizations are strongly encouraged to recruit and select students of diverse backgrounds, including students with disabilities. To assist in the process, the Arts Commission will disseminate information about the Arts Internship Program through its website, social media and communications directed to local colleges and universities and provide additional resources and best practices regarding recruitment.

As a result of the Cultural Equity and Inclusion Initiative, the number of funded positions in summer 2019 will be approximately 178. At least 28 positions are reserved for students attending community college in Los Angeles County. Organizations receiving funding for community college positions are responsible for actively recruiting, advertising, and reviewing applications for community college positions accordingly.

### Work Schedule

- Beginning and end dates of the internships will vary depending upon the organization's need and student's schedule, but shall begin no earlier than June 1, 2019 and end no later than August 25, 2019.
- Interns must complete 400 hours of work between June 1, 2019 and August 25, 2019.
- The Arts Commission recommends a full-time (40-hours/week) schedule over 10-consecutive weeks; however, organizations may work with students to create part-time schedules if the student has prior commitments that would prevent their ability to participate full-time. **All students must complete 400 hours of work between June and August.**
- The intern should be scheduled to work during regular business or program hours. For arts organizations, this may include evening and/or weekend hours. **However, interns may not be scheduled to work more than an eight hour workday or 40 hours each week without being paid overtime.** Please note that "flexing time" (i.e. asking an intern to work more than 8 hours one day and fewer hours the next) is not permissible unless the organization has adopted an alternative workweek schedule. For more information, please refer to the California Department of Industrial Relations website at [http://www.dir.ca.gov/dlse/faq\\_overtime.htm](http://www.dir.ca.gov/dlse/faq_overtime.htm).
- **It is the organization's responsibility to comply with wage and hour laws.** Failure to pay overtime when required will render an organization ineligible to participate in the future.

### Educational Events for Interns

There are three educational events in which intern attendance is mandatory: an all-day event called Arts Summit and two required peer group events. Educational events are an integral part of the Arts Internship Program. While every effort will be made to provide as much advance notice as possible to the organization, the Arts Commission considers the educational events essential and attendance at these events supersedes the organization's need for the intern during the day of the event. Organizations should not expect an intern to return to work directly after an all-day educational event, such as Arts Summit.

## Payment to Interns

- Interns are paid \$5,700 (\$14.25 an hour or \$530 per week) for the 400-hour internship. A lesser rate of pay or fewer weeks of service cannot be negotiated.
- Interns must be paid on a regular schedule. Weekly or biweekly payment is strongly preferred. If necessary, and with the intern's prior agreement, organizations may distribute pay monthly.
- Under no circumstances should an intern go unpaid for longer than two weeks, unless it is otherwise agreed upon by the intern and the organization to be paid on a monthly basis.
- The \$5,700 payment is taxable income for interns. **All organizations (especially those with budgets over \$500,000) are strongly encouraged to put interns on payroll**, deducting all applicable employee taxes, and paying them on the same schedule as staff. If that is not possible, organizations are responsible for clarifying the payment schedule with interns and issuing a 1099 by January 31, 2020.
- Payment and work schedule must be discussed with the intern before the internship begins. This discussion should include the payment schedule and any required payroll deductions and paperwork. The discussion must be documented on the "Intern – Organization Agreement Form," which must be signed by both organization and intern and returned to the Arts Commission by **Wednesday, June 19, 2019**.
- Should the intern not complete the full internship, the arts organization is responsible for notifying the Arts Commission **before** the intern's last day. In addition, the organization must reimburse the County for the remaining grant balance within 10 days of the intern's final day of work at the organization.

## Associated Administrative Costs

An additional stipend of \$500 will be awarded to organizations with budgets less than \$500,000 to assist with administrative costs and any other additional expenses associated with hosting an intern for ten weeks. **All other organizations should anticipate and plan to cover administrative costs. Examples of such expenses may include employer taxes, intern parking and mileage reimbursements.** Mileage must be reimbursed at the federal mileage rate, which may be found at <http://www.irs.gov/Tax-Professionals/Standard-Mileage-Rates>.

## Workspace

The organization must designate a workspace and necessary equipment for the internship position requested. The workspace and equipment must be adequate and appropriate for the job duties and responsibilities that will be assigned to the intern. Interns must work in professional arts office locations or production facilities and, if the intern is driving to work, free parking must be provided.

Interns should be interviewed at the location in which they will be working with an opportunity for the intern to see the proposed workspace. If an organization is conducting a phone or video interview, please describe the intern workspace as best as possible.

It is **not acceptable** for the organization to assign work to an intern to complete at home or after hours, nor for the intern to bring his/her personal laptop to the office to complete assignments.

## Home Offices

For those organizations proposing home offices, funding by the Arts Commission for the internship grant is contingent upon an initial site visit. Additional site visits may also be required. Home office locations are eligible as intern work sites as long as the following requirements are demonstrated:

- A professional, safe atmosphere.
- A separate room for office space that will not be occupied by any persons (children or other family members) or used for any non-organizational activity during the intern's work hours.
- An appropriate entrance and exit to the home office, restroom facilities and break/kitchen area.
- A parking space or ample street parking available for the intern during work hours.

The presence of any house pets must be discussed with all potential interns prior to their accepting the position. The organization must be prepared to accommodate the intern during work hours if the intern cannot have contact with a pet for any reason.

## Supervisor Responsibilities

The supervisor's role is that of workplanner, trainer, and mentor. The Los Angeles County Arts Internship Program **requires** that:

- One primary supervisor is assigned to the intern(s). A secondary supervisor may also be identified.
- Supervising mentors complete an evaluation of the intern(s) and the internship program at the end of the summer.
- Any new supervisor to the arts internship program (two years or less) is required to attend the Supervisor Orientation, which will be held on **April 22, 2019 at the Getty Center**.
- All supervisors are encouraged to attend the Orientation, particularly those that have not attended in the last five years or more.

Failure to comply with any of the organizational requirements will render the organization ineligible to participate in the future.

## Vacation and Sick Time

Interns must fulfill 400 hours over the course of the internship period and may not take extended vacations. In the event that an intern must miss a day or two of work due to prior obligations, the organization may ask the intern to make up the hours at the end of the internship period.

If an intern misses a day due to illness, the organization may choose to pay him/her sick time in accordance with organizational policies, or ask the intern to make up the hours within or at the end of the internship period.

The Fourth of July holiday may be treated as a paid holiday or as a workday, in accordance with organizational policies.

---

## ALLOWABLE GRANT REQUESTS

---

### Maximum Number of Interns

Eligible organizations in Los Angeles County may request support for one, two or three full time internship positions for a ten week period between June 1, 2019 and August 25, 2019.

### Positions Reserved for Community College Students

Of the approximately 178 available internship positions, a minimum of 28 are reserved for community college students. Organizations interested in recruiting and hosting at least one community college student should note their interest in the grant application. However, **any organization requesting three interns will be required to recruit and host at least one community college student.**

Not all funded organizations who express interest in hosting a community college student will be required to do so. Organizations will be notified whether they are required to reserve a position for community college student when funding decisions are announced.

All organizations are encouraged to be inclusive in recruiting and hiring students of all backgrounds, including community college students.

### Community College Recruitment Stipend

Organizations awarded positions reserved for community college students must plan on additional time to recruit students. Successful applicants awarded positions reserved for community college students will be eligible for an additional stipend of \$250 per community college position to cover recruitment costs.

### Amount of Internship Awards and Cash Matches

Each internship awarded will be supported with a grant ranging from \$4,700-\$6,200 per intern. **Interns will earn \$14.25 per hour (\$570 per week and \$7,300 for the internship period) during the summer of 2019 regardless of the amount of the grant.**

The grant award is to support a portion or all of the intern's salary (depending on the size of the award and the organization's budget) for a 400 hour internship between June 1, 2019 and August 25, 2019.

The amount of support an organization may receive is dependent on the applicant's budget size (the total amount of revenue for the organization's most recently completed fiscal year).

<b>Organizational Budget Size</b>	<b>Allowable Internship Request</b>	<b>Grant Award per Internship</b>	<b>Required Cash Match</b>	<b>Maximum Award Amount<sup>1</sup></b>

Budget over \$4,000,000	One, two or three (if three, at least one community college)	\$4,700	\$1,000 match required per internship	\$14,100

### Dispersal of Grant Funds

- Grant funds will be awarded directly to the organization. It is the responsibility of the organization to administer the award and pay interns.
- 90% of grant funds (\$4,230-\$5,580 per intern depending on the total grant amount) will be released to the organization once the Arts Commission receives a signed contract and an invoice from the organization requesting payment. Payments may take four to six weeks. The Arts Commission will make every effort to process invoices as quickly as possible, but if grant funds are not received before the intern is to be paid, the organization is required to pay the intern from its own funds.
- The final 10% of the grant funds (\$470-\$620 per intern depending on the total grant amount) will be paid to the organization at the end of the internship program and upon receipt of online supervisor and intern evaluations and thank you letters, due by **August 25, 2019**. Failure to submit the evaluations, thank you letters and the final invoice by this deadline may result in the forfeiture of remaining grant funds.

---

---

---

### GRANT REVIEW PROCESS

---

A panel comprised of an Arts Commissioner, Commission staff, a representative from The Getty Foundation and a program alumnus reviews all applications and makes recommendations to the Arts Commissioners. Arts Commissioners review and make final award decisions at their monthly meeting in February 2019.

## Review Criteria

In reviewing applications, the panel will aim to ensure that funded internship positions reflect and contribute to the culturally and artistically diverse arts ecosystem of Los Angeles County. To that end, the panel will seek to balance the final internship pool across factors, which include:

- Communities served
- Geography (i.e. where the internship is located)
- Discipline
- Cultural tradition represented
- Organizational budget size
- Type of internship project (marketing, production, administration, etc)
- Organization's expressed interest in and capacity to recruit and host community college students

Successful applications will demonstrate that:

- The proposed internship(s) addresses the purpose of the Arts Internship Program;
- The internship job description demonstrates meaningful on-the-job training and experience opportunities, including a **specific project**; and
- The organization has the capacity to assume the successful mentoring of, and supervisory responsibilities for, an intern.

In addition, the panel will consider any issues regarding student supervision and payment to students during past years.

## Internship Projects

The ideal internships are those that have a positive human resource benefit for the organization and a positive learning experience for the student.

Internships should be designed to offer eligible students experience in key program areas such as administration, development, education, finance, marketing or production. In considering what makes meaningful work or training opportunities, consider projects, duties or other activities that are important to the organization and can teach the intern something about the organization while assisting the intern in developing practical, work related skills. Interns should not be given meaningless or "busy work" tasks but should be integrated into the fabric of the organization. For example, while administrative tasks can certainly be a component of an intern's job responsibilities, the tasks should link into a bigger project that the intern can successfully navigate, ideally from start to finish, during the internship.

Examples of appropriate projects include program based activities in research, education, marketing, communication, social media, grant writing and fundraising and/or activities related to producing or presenting performances. Specific project based work makes good use of a student's capabilities while providing support to the organization.

Competitive applications will propose a challenging project that can be completed within ten weeks and provides meaningful work assignments for the intern. New applicants are encouraged to view 2018 internship job descriptions for reference at <https://www.lacountyarts.org/opportunities/arts-internship-program-students/2018-internships>.

### **Data Arts (formerly California Cultural Data Project)**

DataArts, formerly the Cultural Data Project, was founded to bring the language and leverage of data to the business of culture. The Cultural Data Profile (CDP) is DataArts’ flagship service, which thousands of cultural nonprofits use annually to report their financial and programmatic information. DataArts seeks to be a catalyst for data-informed decision-making. DataArts partners with nearly 40 public and private funders across California, most of which require arts and culture organizations to complete a Cultural Data Profile annually as part of their funding application process. DataArts gives arts organizations the ability to track and analyze their

financial and organizational data over time, as well as compare their organization with similar types of organizations. Most participating funders require that applicants complete a CDP for each fiscal year. In order to streamline the process, DataArts provides the ability to complete one CDP that can be used for reporting programmatic and financial data to **any** participating funder.

### **Data Arts Details**

**Instructions:** Information on how to get started can be found in DataArts' [Knowledgebase](#). You can also search the Knowledgebase to help you as you work. You can find information about the new questions in the CDP, balance sheets and audits, to name a few. Applicants will also have access to online training and can receive support from DataArts' Support Center during regular business hours. Contact information can be found below.

**Time Required:** Plan to spend 10 to 15 hours completing each CDP. The Arts Commission recommends completing the profile as soon as deciding to apply. The Arts Commission **cannot extend the application deadlines to allow for extra time to complete the CDP.**

**Minimum Data Profile Requirements:** Applicants with three or more years of completed programming, must submit **three consecutive years of data**. If filling out the CDP for the first time, please complete a CDP for each of your three most recently completed fiscal years. Going forward, applicants will only need to provide one year of data. **NOTE:** For organizations with only two full and consecutive years of producing and programming history, submitting a CDP for two recently completed fiscal years is acceptable.

**Organizations with Parent Agencies:** When completing the CDP for a department or an ongoing program within a larger organization or institution, fill out the Data Profile for the sub-unit only. Do not enter any data for the parent organization.

**Basis for Financial Data:** If the applicant organization has an annual audit or review, all financial data entered into the CDP must be based on audited or reviewed data. Do not enter data until after receiving the annual audit or review by an independent certified public accountant. If the organization has no audit or review, and does not plan on having an audit or review for its most recently completed fiscal year, **base the CDP entries on the most recently submitted 990.**

**Timing:** If the annual audit or review has not been completed in time to submit a CDP, enter data from the prior fiscal year based on the prior year's audit report. The **most recent year of the CDP should be the same year for which the applicant organization had its most recent audit.**

**Completing the DataArts Cultural Data Profiles (CDP):** Completion of a CDP activates the website's error check designed to catch inconsistencies and missing data. The website will not allow you to complete your CDP until all errors are corrected. Please allow additional time to make corrections to the data after each CDP is submitted. **NOTE:** Organizations with incomplete CDP data will not be able to download the *OGP Funder Report*.

When you are finished entering data, click on the tab to your left that says Review and Complete. Confirm that the all of totals on this page (total revenue, total expenses, total assets, total liabilities and total net assets) match the totals in your board-approved financial

audit/review or year-end financial statements by restriction. If the totals do not match, contact DataArts Support Center for assistance at 1-877-707-3282.

**OGP Funder Report:** Applicants choosing to submit a data profile for the Internship Grant Program must download a Los Angeles County Arts Commission *OGP Funder Report* to attach to the grant application. You can find instructions on how to access your *OGP Funder Report* here. Once you have your *OGP Funder Report*, be sure to review the report to ensure you didn't leave anything out during your data entry. You should also keep an eye out for any big percent changes from year to year. If something looks incorrect, you can make revisions to your Data Profile and generate a new Funder Report. You can find instructions on how to do so here.

**Budget Notes:** Please provide notes to explain any variances reflected in the applicant's *OGP Funder Report*. Applicants are required to explain variances of 10% or more in income or expense line items from year to year. Applicants are strongly encouraged to explain other significant deficits or surpluses.

**What happens to submitted CDP data?** The Arts Commission utilizes data from a variety of sources to evaluate and improve programs and to understand the local arts ecology. Some of this data is collected directly from grantees and sometimes through partnerships with organizations like DataArts. Check <https://www.lacountyarts.org/grantedata> to learn more.

**Questions:** Please direct questions concerning the CDP to the DataArts Support Center:  
The DataArts Support Center is open from 9 a.m. – 8 p.m. ET, Monday-Friday.
