Public Comment

A member of the public, Teri Red Owl submitted the following public comment via email:

Manahuu (Hello). Thank you for the opportunity to provide public comment at your October 21, 2025 meeting. The Owens Valley Indian Water Commission (OVIWC) hopes to make an in-person presentation to LANAIC at a future meeting. For now, we would like to let you know that with the LADWP Board of Commissioner's seat recently vacated by George McGraw that the OVIWC is making a push to have Mayor Karen Bass appoint a Native American to that seat. We are starting a letter writing campaign to Mayor Bass and will provide the LANAIC with a sample letter that we request you send to your contacts and colleagues urging Mayor Bass to fill this vacancy with a Native American.

I have included links to a Los Angeles Times article that appeared in the October 18, 2025 edition along with a video by LA Times writer Ian James. This article highlights some of our issues in Payahuunadü (Owens Valley) that we hope to present to the LANAIC at a future meeting.

Here is the article which appears on the front page of the LA Times on 10/18/25: <https://www.latimes.com/environment/story/2025-10-18/owens-valley-tribes-water>

He also took a moment to honor Commissioner Mona Morales Recalde for her advocacy for the preservation of Flat Top Rock.

Discussion Items

7.1 Discuss AIAN Homelessness in LA County

Commissioner Dr. Andrea Garcia shared a report titled Native American Community Input on How to Move from Houselessness to Home in Los Angeles. The key takeaway from this two-page document is that there is strong desire for Native American cultural district is calling, tribal consultation, equity in data, policy, and resources, as well as meaningful representation. A diagram on the second page outlines the types of support that correspond to these asks.

LOS ANGELES CITY/COUNTY NATIVE AMERICAN INDIAN COMMISSION UNAPPROVED MINUTES OF THE MEETING OF OCTOBER 21, 2025

While the language in the report still requires strengthening, Commissioner Garcia shared that it is nearing its final form. Commissioners are encouraged to read it, especially if they plan to engage in conversations with Supervisors or elected officials, as the report can serve as a valuable resource.

Additionally, Commissioner Dr. Garcia shared that she would like to circulate the two-page document, along with a previously shared video, in late October. This will be accompanied by an email reiterating key asks in anticipation of Native American Heritage Month. This late October action will serve as a preview for NAHAM and potentially aligning with the release of ARDI's AIAN Homelessness data dashboard. Ideally, the email and dashboard will help anchor the advocacy efforts.

Looking ahead to November, Commissioner Dr. Garcia plans to place a formal letter on the agenda to be sent to local leaders, offering briefings at their offices. She is more than willing to attend these briefings if requested. An initial email will be sent at the end of this month to begin that outreach.

Commissioner Mona Morales Recalde suggested adding language in the 2-pager regarding funding support for local tribes, She also recommended that any mention of Native organizations be expanded to include local tribes explicitly. Commissioner Dr. Andrea Garcia asked if anyone has visual design skills to assist with formatting or presentation of materials. She welcomes any support. The body agreed that all elected appointed members of the commission will send the drafted email with the updated 2 pager to their respective appointed offices and Cc Chair Shawn Imitates Dog, Commissioner Garcia and Alexandra.

7.2 Discuss Impacts of Federal Administration on LA County's AIAN Community

Treasurer Denise Escoto reported that, due to the ongoing Federal government shutdown, CalFRESH assistance may not be issued to recipients in November. She raised this concern during the SGB meeting earlier that day, asking whether there are resources available to support the community in the event of a disruption.

The SGB team responded with several thoughtful ideas to help address potential gaps in food assistance.

7.3 Discuss LA City Parks Needs Assessment Steering Committee Updates

Commissioner Rich Toyon reported that the current LA Park Needs Assessment closed on October 15. All public comments were submitted by that deadline, and a substantial number were received. The updated assessment will be released on November 18 and forwarded to the appropriate municipalities for discussion and potential adoption.

While most meetings have concluded, Commissioner Toyon shared that a tribal listening session is scheduled for November. The assessment process is a significant undertaking, and the team is currently reviewing and digesting the public feedback.

LOS ANGELES CITY/COUNTY NATIVE AMERICAN INDIAN COMMISSION UNAPPROVED MINUTES OF THE MEETING OF OCTOBER 21, 2025

Alexandra suggested to Commissioner Toyon that Thompson with the Parks Needs Assessment team reach out to her to coordinate the LA City team's presence at the next commission meeting. Commissioner Toyon emphasized that having the team attend in person would be far more beneficial than participating via Zoom

7.4 Discuss FY 26-27 LANAIC Budget Priorities

Alexandra provided background on the Commission's budget letter process. She shared that this item is agendaized as a discussion to begin discussing what priorities might be included in a FY26-27 Budget Request Letter to the Board of Supervisors and Mayor Karen Bass. She shared about some items from previous letters that have yet to be funded including dedicated City staff to support the AIAN community and the LANAIC as well as dedicated staffing at the County to support addressing AIAN homelessness. Commissioner Dr. Andrea Garcia emphasized the importance of prioritizing staffing to support this work, particularly advocating for individuals who will oversee Native homelessness initiatives.

Alexandra also noted the upcoming move of the Department of Mental Health's American Indian Counseling Center into a new office space and the importance of ensuring that space is culturally resonate with Native communities. Commissioner Dr. Garcia shared that her Department of Mental Health office will be relocating next month, and if budget allows, funding could be used for culturally significant design elements. She suggested ideas such as framing photos from the County's Harms Report and installing a permanent land acknowledgment.

Commissioner Mona Morales Recalde added that LA County Parks has a compelling example of a land acknowledgment which could serve as inspiration.

Regarding funding, Commissioner Morales Recalde inquired whether the recommendations from the Harms Report had been incorporated into the current budget request. Alexandra responded that this moment presents an opportunity to amplify those recommendations. She noted that additional guidance may be available next month and emphasized the need to be strategic in advancing the Harms Report recommendations.

7.5 Discuss the Draft LA City/County Native American Indian Commission FY24-25 Annual Report

Alexandra reminded the Commission that one of its key responsibilities is to complete and adopt an annual report and that a draft version is included in the meeting packet. She shared that much of the content is carried over from previous years, and the document remains a working, evolving list of the Commission's accomplishments.

Commissioners are encouraged to review the draft and identify any missing items. Alexandra requested that recommendations and edits be submitted in writing. The finalized version will be placed on the November agenda for formal adoption.

Presentations

8.1 Presentation on the County of Los Angeles American Indian and Alaska Native (AIAN) People Experiencing Homelessness Dashboard - Tolu A. Bamishigbin (Wuraola) (Principal Analyst, LA County Anti-Racism, Diversity, and Inclusion Initiative)

Los Angeles County Office of Anti-Racism, Diversity, and Inclusion Initiative (ARDI) Principal Analyst Tolu A. Bamishigbin (Wuraola) presented on the County of Los Angeles American Indian and Alaska Native (AIAN) People Experiencing Homelessness Dashboard.

Commissioner Rene' Williams asked whether ARDI is combining with other Continuum of Care (CoC) systems. Tolu responded that they were able to integrate with one other CoC—Long Beach. However, Pasadena and Glendale present challenges because they disaggregate racial data differently.

Tolu noted that Commissioner Dr. Andrea Garcia had expressed interest in understanding what AIAN (American Indian/Alaska Native) homelessness looks like across other CoCs. In response, the team will work to pull relevant data.

Tolu also shared that one challenge in presenting AIAN-specific data is the difficulty of obtaining precise figures due to small sample sizes. Despite this, she emphasized that AIAN data consistently reflects some of the most acute outcomes.

Alexandra, referencing the alarming nature of the data, stressed that it must be referenced in this year's budget request letters.

Commissioner Dr. Garcia proposed that meetings and communications should be released sooner to capitalize on the urgency of the moment.

Secretary Bryce Lewis-Smith identified a potential opportunity to elevate the issue to the state level by aligning with the California Climate Change Assessment. He suggested this could be a strategic avenue for broader impact.

Commissioner Dr. Garcia gave a heartfelt shoutout to Tolu for her persistence and consistency in compiling and advancing this important work.

10.1 General Updates

Alexandra provided updates on the website migration. Commissioners are asked to review the history section and suggest any new accomplishments from the annual report that should be added. Alexandra shared via email that the Tribal Consultation Policy project is off to a strong start. The team is expected to present at a Commission meeting in early 2026 to discuss high-level scope of work.

The County was contacted by the San Manuel Band of Mission Indians who requested that the County's Land Acknowledgment be updated to reflect their new official name, the Yuhaaviatam of San Manuel Nation. The County of Los Angeles recognizes that we occupy land originally and still inhabited and cared for by the Tongva, Tataviam, Serrano, Kizh, and Chumash Peoples. We honor and pay respect to their elders and descendants — past, present, and emerging — as they continue their stewardship of these lands and waters. We acknowledge that settler colonization resulted in land seizure, disease, subjugation, slavery, relocation, broken promises, genocide, and multigenerational trauma. This acknowledgment demonstrates our responsibility and commitment to truth, healing, and reconciliation and to elevating the stories, culture, and community of the original inhabitants of Los Angeles County. We are grateful to have the opportunity to live and work on these ancestral lands. We are dedicated to growing and sustaining relationships with Native peoples and local tribal governments, including (in no particular order) the

Mission Statement

The primary purpose of the Los Angeles City/County Native American Indian Commission (LANAIC) is to improve the health and well-being of the Los Angeles American Indian and Alaska Native (AIAN) community. It accomplishes its purpose through many strategies, including but not limited to increasing the acquisition of funding resources available to the AIAN community, advocating for policy that will improve the health and well-being of AIANs, and gathering and disseminating information about AIANs in Los Angeles County. In performing these functions, the Commission will represent the interests and concerns of AIAN of all tribal and cultural backgrounds, religious convictions, gender identities, and social circumstances.

Diversity, Equity & Inclusion

As an advisory Commission to the Board of Supervisors, the LANAIC understands that it is charged with ensuring equity, diversity, and inclusion among the constituents it serves.

The LANAIC strives to create an environment at all meetings that allows members, public, and stakeholders to share and express openly their ideas, opinions, and beliefs. This is done so by the LANAIC opening meetings with an invocation, personal introductions by the Commissioners, and with the Chair inviting the public and guests to introduce themselves. This approach creates a welcoming, respectful, and inclusive environment.

Duties & Responsibilities

The Commission interprets Ordinance 11409 § 3.42.110 to mean that the duties and functions of the Commission are to:

- 1.** Promote the health and well-being of AIAN in Los Angeles.
- 2.** To advocate for the development of funding resources and programs to serve urban AIANs and AIAN organizations.
- 3.** To advocate legislation and policy favorable to urban AIANs;
- 4.** To research, prepare, and disseminate information about AIAN affairs, including but not limited to collaboration with federal, state, and local agencies.
- 5.** To advise and collaborate with non-AIAN community organizations and private agencies working for the concerns of AIAN people.
- 6.** To assist and coordinate collaboration among federal, state, county, and city agencies, and with AIAN agencies and organizations.
- 7.** To foster pride among AIANs and raise visibility of AIAN culture among Los Angeles City and County residents.

8. To educate the public about the accurate history and contemporary issues of Tribes in Los Angeles and California, and center Los Angeles Tribes and Tribal Members.
9. To engage and understand by means of conferences and public hearings conditions which affect the health and well-being of AIANs.
10. To develop recommendations to the Board of Supervisors, Mayor, and City Council that address the health and well-being of AIANs in Los Angeles.
11. To advise the Board of Supervisors, the Mayor, the City Council, and the departments and agencies of these respective governments, and/or other organizations and institutions on matters involving the health and well-being of AIANs in Los Angeles.

Historical Background

On June 25, 1976, Los Angeles County Supervisor Kenneth Hahn and City of Los Angeles Mayor Tom Bradley signed an ordinance establishing the Los Angeles City/County Native American Indian Commission (LANAIC) at the Los Angeles Civic Mall, which is now Grand Park. The establishment of the LANAIC came at the advocacy efforts of the City and County's American Indian and Alaska Native (AIAN) communities. For nearly 50 years, the LANAIC has uplifted and advocated for the concerns and needs of the AIAN community, the largest of any county in the U.S. The LANAIC is comprised of five members appointed by the LA County Board of Supervisors, five members appointed by the Mayor of the City of Los Angeles, and five members elected by Los Angeles County's AIAN community through elections held every 4 years by the LANAIC.

In the early 1990s, the Board of Supervisors established the LANAIC's Self Governance Board (LANAIC SGB). The LANAIC SGB is an eight-member body that advises and supports the Board of Supervisors administering the Community Services Block Grant Native American Set-aside (CSAIBG) program. CSAIBG funding is contracted to subrecipient agencies to provide critical poverty-alleviating services to AIAN individuals and families living at or below 200% Federal Poverty Line. In 2021, the CSAIBG dollars were successfully leveraged to secure \$500,000 in annual County Care First Community Investment funding for FY 21-22, FY 22-23, and FY 23-24 to address homelessness and housing insecurity experienced by the AIAN population. In addition to administering programs that provide direct services to LAC residents, the work of the LANAIC has expanded to meet the evolving directives and priorities of the Board of Supervisors and the City of LA's Mayor and City Council.

Since 1976, the LANAIC and the LANAIC SGB have worked on a variety of projects and achieved many accomplishments. Below are some of the past accomplishments of the two bodies in chronological order:

June 20, 1977 – The LANAIC supported the creation of the Indian Health Services Liaison Officer in the County Department of Health Services.

March 6, 1988 – Steven L. A. Stallings, Chairperson of the LANAIC, was quoted in the Los Angeles Times' article, "Back to Their Roots for Retirement: Aging Indians Finding They Can Go Home Again".

1993 – The LANAIC SGB, in partnership with the County Board of Supervisors, became an eligible Community Action Agency (CAA) and began receiving and administering Community Service Block Grant Native American set aside funds (CSAIBG).

April 15, 2002 – The LANAIC supported AB-2115, a bill to ban all Native American mascots from public schools in California.

June 9, 2004 - The LANAIC supported AB-858 California Racial Mascots Act: athletic team names and mascots.

September 30, 2004 – The LANAIC supported SB-18 Traditional tribal cultural places.

2006 – The City of Los Angeles established November as American Indian Heritage Month and began partnering with the LANAIC to develop programming for the month.

2009 to 2021– The LANAIC partnered with San Manuel Band of Mission Indians to provide tickets for Native youth and their families to attend professional sports Native American Heritage Appreciation Nights.

March 2012 – The LANAIC discovered that Native youth were being administered psychotropic medication while in foster care without the knowledge of their tribe or relatives and successfully fought to stop the practice in Los Angeles County. The LANAIC then worked with national Native organizations to have the Psychotropic Medication to American Indian Youth amendment added to the Indian Child Welfare Act.

2012 – 2016 – The LANAIC, in partnership with UCLA's American Indian Studies Center, the California Wellness Foundation, and the American Indian Community Council (AICC), developed a series of policy briefs that analyzed and reported on 2010 US Census data. These policy briefs built upon this past work and included a comparative study of the Los Angeles AIAN population trends. All four of the policy briefs addressed the Status of AIAN in Los Angeles, analyzing (1) population changes; (2) economic indicators post-Great Recession; (3) health insurance coverage; and (4) labor. The LANAIC hosted the Urban Indian Roundtable to discuss the findings of the policy briefs.

November 2014 – The LANAIC was heavily involved in the White House Initiative on American Indian and Alaska Native Education (WHIAIANE) – the first-ever school environment listening tour.

2015 – The LANAIC advocated against the sainthood of Junipero Serra.

The LA City Council proclaimed NAHM on November 22, 2024, and honored the NAHM honorees. The in-chambers presentation was followed by a community reception at the LA City forecourt coordinated by the LANAIC. The LANAIC also provided materials to

the LA City Department of Cultural Affairs for the 2024 NAHM Cultural Guide & Calendar.

At the September 17, 2024 meeting, the LANAIC adopted a letter to Supervisor Hilda Solis requesting free access for Native American residents to County parks and museums during 2024 Native American Heritage Month. The LA County Board of Supervisors proclaimed November 2024 NAHM via Board Motion at their October 22, 2024 meeting and included the following directive - direct the Natural History Museum, the Los Angeles County Museum of Art, the Department of Beaches and Harbors, Department of Parks and Recreation, County Library, and other relevant Departments to, in coordination with the Anti-Racism, Diversity and Inclusion (ARDI) Initiative, provide free access for one day on or about, and in celebration of, Native American Heritage Month, to appropriate facilities (such as museums and beach parking) for American Indian and Alaska Native community members.

LANAIC Retreat

On Saturday, January 25, 2025, the LANAIC held a day-long planning retreat at the Natural History Museum. Throughout the day, the LANAIC discussed priorities and developed a 2025 work plan.

Community Listening Session

On Saturday, February 15, 2025, the LANAIC hosted a listening session at the Autry Museum of the West for AIAN community members. The purpose of the listening session was for community members to share how they had been impacted by the Eaton and Palisades fires, as well as questions and concerns they have about the new Federal administration. 19 community members participated. Participants were divided into 3 small groups and participated in small group discussions facilitated by LANAIC Commissioners. The following three questions were discussed:

1. How are you impacted by the wildfires?
2. What are your concerns about the federal executive orders and policy changes?
3. What support do you need?

At the March 18, 2025 LANAIC meeting, the body adopted synthesized notes from the community listening session as well as accompanying memos to the Board of Supervisors (BOS) and Mayor Karen Bass. These documents were transmitted via email to the BOS and Mayor Bass on March 19.

At the May 20, 2025 LANAIC meeting, the body adopted letters to the BOS and Mayor Bass that included formal recommendations, grounded in community reflections shared at the January 25, 2025 Community Listening Session, as well as the findings of *A Report on Harms Against Local Tribes* (January 2023), developed in partnership with five local California Native American Tribes. The recommendations were rooted in a

shared goal to ensure the City and the County's policies, practices, and partnerships respect tribal sovereignty.

2025 Native American Heritage Month

At the April 15, 2025 meeting, the LANAIC selected *Firekeepers: Honoring Tribal Firefighters, Indigenous Stewardship, and Future Ancestors* as the 2025 Native American Heritage Month theme to recommend to LA City and LA County.

Addressing AIAN Homelessness

Throughout FY24-25, the LANAIC continued to advocate to City and County elected officials to dedicate resources and funding to adequately address the growing homelessness crisis impacting the AIAN community.

On August 5, 2024, the LANAIC released the *Advancing Indigenous Housing Rights in Los Angeles: International Best Practice and a Legal Framework* report. The report release included social media assets, a website posting, and formal communications to elected officials.

As mentioned above at the October 15, 2024 meeting, the LANAIC adopted FY25-26 budget request letters to the BOS and Mayor Karen Bass, which included funding requests for a full-time AIAN position in the County's CEO HI.

At the October 15, 2024 meeting, the LANAIC approved the body cohosting a virtual American Indian and Alaska Native Homelessness research symposium on November 21, 2024, in partnership with the USC Homelessness Prevention Institute.

At the January 25, 2025 LANAIC meeting, the body approved sunsetting the Homelessness Committee and realigning the priority initiative back into the regular meeting of the LANAIC. The structural move was also symbolic as it affirmed the body's commitment to addressing AIAN homelessness.

LANAIC Self Governance Board

Public Law 105-285 (the CSBG Act) and the California Government Code require that the State of California Department of Community Services & Development (CSD) secure a Community Action Plan (CAP), including a Community Needs Assessment (CNA) from each agency that receives CSBG funding.

Section 676(b)(11) of the CSBG Act directs that receipt of a CAP is a condition to receive funding. Section 12747(a) of the California Government Code requires the CAP to assess poverty-related needs, available resources, feasible goals, and strategies that yield program priorities consistent with standards of effectiveness established for the program.

To inform the 2026-2027 Community Action Plan, the LANAIC Self Governance Board (LANAIC SGB) developed an updated Community Needs Assessment survey tool in the

Spring of 2024 and began disseminating the survey in July 2024. The web-based survey remained open through January 2025. The survey findings, in addition to other reports and materials, informed the draft CAP/CNA that was shared at a Community Hearing at LA City College on Saturday, May 17, 2025.

The LANAIC SGB adopted the 2026-2027 CAP/CNA on July 15, 2025, and it was transmitted via email on July 16, 2025, to the State of California Department of Community Services & Development (CSD). CSD formally accepted the 2026-2027 CAP/CNA on August 22, 2025.

Subject: Call for Native American Representation on the LADWP Board of Commissioners

Dear Mayor Karen Bass,

On behalf of the Los Angeles Native American Indian Commission (LANAIC), we are writing to express our strong support for appointing a Native American representative to the Los Angeles Department of Water and Power (LADWP) Board of Commissioners. This appointment would be an essential step toward honoring the First Peoples of this region and addressing generations of land and water management decisions that have systematically excluded Tribal perspectives.

Los Angeles is home to the largest population of Native Americans in the United States, representing Tribal Nations from across the country and the original Tongva, Kizh, Tataviam, and Chumash peoples of the region. Native communities are an integral part of the cultural, civic, and environmental fabric of Los Angeles. Yet despite this deep presence and long-standing leadership in land stewardship, Native American voices remain largely absent from the City's most consequential decision-making bodies.

For more than a century, LADWP's operations have had profound cultural, ecological, and spiritual impacts on the Tribal Nations, particularly those in the Owens Valley. These impacts have included the loss of land and water rights, the disruption of cultural practices, and the degradation of ancestral homelands. Recognizing this legacy calls for meaningful and concrete actions toward a more just and respectful relationship with Tribal Nations.

Appointing a Native American representative with the necessary expertise in water, land, and environmental governance, a demonstrated understanding of Tribal sovereignty, and a strong, trusted connection the California's Native American communities would bring essential cultural competency and lived experience to decisions that directly affect Tribal resources, rights, and futures.

This role is essential for strengthening trust, ensuring transparent and respectful government-to-government engagement, and advancing the spirit and intent of LADWP's Tribal Engagement Policy.

Appointing a Native American Commissioner that is both highly qualified and deeply rooted in the community is a powerful affirmation that the City of Los Angeles recognizes and honors the First Peoples of this land through action and representation.

Thank you for your leadership and your continued commitment to an inclusive Los Angeles that respects Tribal sovereignty and uplifts Indigenous voices.

Sincerely,

Shawn Imitates-Dog

The Honorable Members of the Los Angeles County Board of Supervisors
The Honorable Mayor of the City of Los Angeles

Subject: Advancing Belonging, Visibility, and Cultural Safety for Native American People in Los Angeles

Dear LA County Board of Supervisors and Dear Mayor Bass,

On behalf of the Los Angeles City/County Native American Indian Commission (LANAIC), we write to share our recommendations and calls to action following the release of the Native American Homelessness Data Dashboard by our CEO Anti-Racism, Diversity, and Inclusion Initiative (ARDI) partners, during Native American Heritage Month.

This dashboard affirms what Native leaders, service providers, and community members have long expressed: that Native American people in Los Angeles experience disproportionate rates of homelessness, and yet remain invisible within mainstream systems of care, data, and decision-making.

Earlier this year, through the Native American Housing and Home Summit and the release of the AIAN Housing and Home Community One-Pager, our community clearly articulated that moving from homelessness to home means not only addressing physical shelter but restoring belonging, visibility, and cultural safety.

Community-Informed Priorities and Requests

In alignment with the findings of the dashboard and our ongoing engagement process, the Commission respectfully calls upon City and County leadership to take the following actions:

Representation and Leadership

- Establish formal Native American subject matter expertise on decision-making bodies addressing homelessness and housing, including the LA County Department on Homelessness, the LA County Affordable Housing Solutions Agency, and relevant City housing and cultural commissions.
- Maintain and strengthen the AIAN Coordinator and Deputy Chief Equity Officer roles within the new LA County Department on Homelessness. Continue the work of County's Internal AIAN Working Group on Homelessness, and expand the staffing to include more AIAN expertise in the areas of community engagement, AIAN specific development and policy.

Land and Cultural Belonging

- Fulfill the intent of the 2019 County board motion to assess available property that can be used for a Native American Cultural District and/or culturally supportive housing.
- Engage in government-to-government consultation with the first peoples of these lands—Tongva, Tataviam, Serrano, Kizh, and Chumash Nations— to discuss proposals, regulations, and policies that may affect tribes, respecting their inherent sovereignty and right to self-determination.

Resource Equity

- Create a dedicated housing matcher and AIAN case conferencing process to improve outcomes for Native people experiencing homelessness.
- Adopt culturally responsive housing policy language in both City and County frameworks to institutionalize equity and accountability.
- Direct funding to local Tribes and Native-led organizations to deliver culturally supportive housing and services.

Call to Partnership

The release of the dashboard provides a renewed opportunity for our City and County to act on long-standing commitments to Native equity. We urge our partners to use this data not only to inform policy, but to invest in self-determination and healing for Native people in Los Angeles.

The LANAIC stands ready to collaborate with your offices to turn these priorities into action. Together, we can make Los Angeles a city and county where Native people are visible, respected, and at home.

With appreciation for your partnership and leadership,

Shawn Imitates-Dog
Chairperson
Los Angeles City/County Native American Indian Commission

LA County Board of Supervisors
500 W Temple St
Los Angeles, CA 90012

Dear Board of Supervisors,

I am sending this budget request letter on behalf of the Los Angeles City/County Native American Indian Commission (Commission). We appreciate the opportunity to formalize our budget requests for the County of Los Angeles' FY25-26 budget.

At the May 18, 2021 Commission meeting the body adopted a resolution recommending that the County create an Office of Tribal Affairs. The need for this type of office has been uplifted by local tribal leaders and members of the AIAN community in numerous County-led processes. We request that the Board allocates funding for the creation of this critical office.

On September 20, 2023 the Commission transmitted letters to you and your colleagues on the Board of Supervisor's requesting a sustainability plan to build on the great work of the "Identifying, Supporting, and Serving American Indians and Alaska Natives Who Are at Risk of or Experiencing Homelessness" Board Motion (October 2019). The Commission also uplifted this request in our FY24-25 budget request letter submitted on October 17, 2023. Unfortunately, this critical work remains unfunded. We respectfully request that you support funding in the FY25-26 budget for a dedicated position within CEO Homelessness Initiative to ensure that the County of Los Angeles continues to prioritize fighting American Indian and Alaska Native homelessness.

At the direction of the Board in 2021 we collaborated with the Department of Human Resources to develop a 2 part *Dialogue* event focused on building the awareness and understanding of the American Indian and Alaska Native population by the County workforce. While these webinars were highly attended and effective we believe a Countywide mandated training focused on building the understanding of the County's workforce on unique history and issues facing Native American people in Los Angeles would have a far greater impact. We request that the Board allocates funding and directs CEO to procure the training.

At the May 21, 2024 Los Angeles City/County Native American Indian Commission (LANAIC) meeting the Commission unanimously adopted a letter requesting that that the County of Department of Arts and Culture allocate funding and qualified resources to support the development of a new

website for the LANAIC. The LANAIC website is a key communication tool with and the American Indian and Alaska Native (AIAN) community and public, plays a pivotal role in disseminating information, sharing County and Commission services and events, and highlighting Commission accomplishments. The outdated design and functionality of our current website hinders our ability to effectively communicate with and engage AIAN community members. We request that the Board allocates funding for the Commission to develop a new website.

Thank you for considering the Commission's FY25-26 budget requests.

Sincerely,

Mayor Karen Bass
200 N. Spring Street
Los Angeles, CA 90012

Dear Mayor Bass,

I am sending this budget request letter on behalf of the Los Angeles City/County Native American Indian Commission (LANAIC). We appreciate the opportunity to formalize our budget requests for LA City's FY25-26 budget.

On September 20, 2023 the LANAIC transmitted a letter to you, as well as to the County of Los Angeles Board of Supervisors, requesting a funding plan to build on the great work of the "Identifying, Supporting, and Serving American Indians and Alaska Natives Who Are at Risk of or Experiencing Homelessness" County Board Motion (October 2019). The LANAIC also uplifted this request in our FY24-25 budget request letter submitted to you on October 17, 2023.

Unfortunately, this critical work remains unfunded. We respectfully request that you support funding in the FY25-26 budget to fund, in partnership with the County, a dedicated position within the LA County CEO Homelessness Initiative to ensure that LA City prioritizes fighting American Indian and Alaska Native homelessness.

As shared at our meeting with you on September 19, 2023 and recommended in our FY23-24 budget request letter to you transmitted on October 17, 2023, the work of the LANAIC and its ability to support and advise the City would be greatly improved by the creation of a full-time dedicated City staff position. Currently the LANAIC has two FTE positions, both of which are County positions. We request that you support funding in the FY25-26 budget for an FTE placed within a City department. Additionally, the City's annual contribution to the LANAIC, \$47,000, has remained stagnant for many years. We respectfully ask for an increase in the annual contribution of the City to the LANAIC, as well as participation from your office in renegotiating the MOU between the City and County from the 80s.

Each year \$13,000 of funding is included in the City's budget for the Department of Cultural Affairs to support Native American Heritage Month. Historically, this funding was used to support a reception at City Hall this year however the funding was aligned with the way DCA supports four other heritage months. The annual City Hall NAHM reception has become a beloved community event. We

request ongoing funding to support a NAHM reception. Additionally, given LA City's role in the establishment of Indigenous People's Day (IPD), and former Councilmember Mitch O'Farrell's role in producing large scale IPD events, we think it is important for the Mayor's Office to support an ongoing IPD budgetary line item in the City's budget akin to the dedicated funding for heritage months

Thank you for considering the LANAIC's FY25-26 budget requests.

Sincerely,
