Exhibit cases and picture frames, custom fabrication

### Sorbent Systems

<https://www.sorbentsystems.com/>

Industrial supplier of silica gel, activated carbon, oxygen scavengers, and other sorbents.

Generally much cheaper than purchasing from archival specialty suppliers.

### Talas Conservation Supplies

<https://www.talasonline.com/>

info@talasonline.com

212-219-0770

Archival storage, exhibition and framing materials, adhesives, conservation and prep tools, instruction books, frames

Testfabrics

<https://www.testfabrics.com/groups.php>

info@testfabrics.com

570-603-0432

Exhibition, storage, and conservation fabrics (website is a little clunky, but they are very helpful on the phone and great about sending sample swatches)

University Products

<https://www.universityproducts.com/>

info@universityproducts.com

800-628-1912

Archival storage, exhibition materials, tools, etc.
