LA COUNTY ARTS COMMISSION SEEKS ARTIST(S) TO CREATE ENGAGING ARTWORK FOR NEW SAN FERNANDO MENTAL HEALTH CENTER

919 1st Street
 San Fernando, CA 91340-2957

DATE ISSUED: APRIL 12, 2017

SUBMITTAL DATE: MAY 15, 2017, 5p.m.

OVERVIEW

The Los Angeles County Arts Commission seeks an innovative artist(s) to design and create one or more compelling artwork(s) for the San Fernando Mental Health Center. Possible locations for artworks include the main entrance lobby, the children’s lobby/play room, conference rooms, group room, the hallway along the interview rooms and/or the interior outdoor courtyard. Construction on this new facility will begin in early 2018. The center will deliver an array of outpatient mental health services to children and their families. Mental health programs that serve the community will also be housed at the center. These programs include the Child Navigation Team, Psychiatric Mobile Response Teams and Law Enforcement Teams. These programs are field based, responding to the mental health needs of communities within Service Area 2. The artwork should be sensitive to the programs’ priorities and, in a thoughtful

Civic Art Program

manner, address the needs of its clients. The artwork should be welcoming and engaging and establish a warm and comforting environment for the young clientele visiting the center. Delicate or fragile works should be designed to be out of reach of children.

Artwork Opportunities include:

- 1) The primary artwork opportunity is in the main entrance lobby, work may be sculptural or 2D
- 2) Secondary interior spaces, including the children's lobby/play room (2D or sculptural), two conference rooms (2D), group room (2D) and hallways (2D)
- 3) Interior outdoor courtyard (sculptural)

Permanent artworks are expected to be low maintenance and have a lifecycle of at least 25 years.

GOALS OF THE ARTWORK

San Fernando Mental Health serves the San Fernando community and the civic artwork will complement the center's mission of "Enriching lives through partnerships designed to strengthen the community's capacity to support recovery and resiliency." The artwork selected will have the power to augment the experience for patients, visitors and staff to the center and enhance the atmosphere and environment in an uplifting way. The work should contribute to a warm and inviting experience for clients, which is in line with the building's design goals.

BUDGET

All-inclusive artwork budgets will be developed during the artist selection process and will vary but will be approximately \$70,000. This budget includes artist fees, liability insurance, artist travel, and all costs associated with the design, fabrication, delivery and installation of the artwork.

ELIGIBILITY

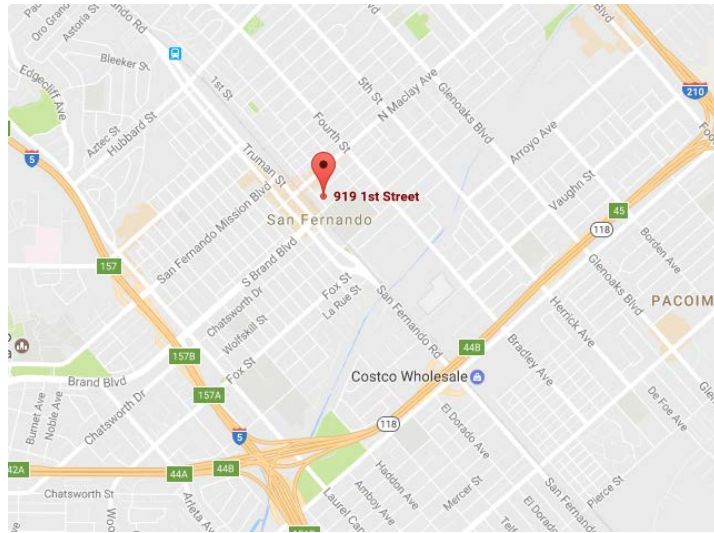

The commission(s) is open to professional artists residing in Southern California, defined as Ventura to San Diego Counties, who have demonstrated successful completion of a permanent large scale civic artwork. Artists who have artwork in the County's Civic Art Collection will not be eligible unless this project has a higher budget than the previously commissioned project. See "Criteria for Selection" for required qualifications.

Criteria for Selection

Civic Art Program

The Los Angeles County Arts Commission Civic Art program strives to create artworks which reflect aesthetic and technical quality, innovation, site specificity and civic engagement. To ensure that the artwork meets the expectations of patients, visitors, staff, volunteers and other stakeholders, the selected artist or artist team will be required to participate in a rigorous design process. This process includes place-based research through creative engagement, site visits and design meetings, conservator review, structural engineering, budget tracking and timeline management.

Artist applications will be evaluated on the following criteria:

- Ability to create an artwork that will resonate with the facility's patients, visitors, staff and the San Fernando Mental Health community;
- Proven artistic merit and strong professional qualifications that demonstrate the artist's ability to achieve the guiding principles of the Civic Art Program (aesthetic and technical quality, innovation, site specificity, civic engagement and the ability to transform a space and the user experience);
- Ability to work with a government agency, architects and engineers;
- Ability to effectively assess the spatial and technical conditions of an architectural space and propose an integrated, easily maintainable artwork; and
- Experience managing a budget of similar scale and working within time constraints.

Only artists who meet these criteria should apply.

SELECTION PROCESS

An artist will be selected through a two phased process. In the first phase, artists' responses to this RFQ will be evaluated by the Project Coordination Committee, which will shortlist up to three finalists and one alternate. Artists should NOT send art proposals in response to this RFQ.

FINALISTS WILL RECEIVE \$750 FOR DEVELOPMENT OF A CONCEPTUAL DESIGN PROPOSAL AND PRESENTATION TO THE PROJECT COORDINATION COMMITTEE (PCC).

The PCC reviews artist applications, conducts finalist proposal presentation/interviews, selects the artists (or artist teams) and reviews the project from design development through artwork installation. The PCC is composed of nine to eleven representatives from applicable County departments, the citizen advisory committee and arts professionals. The Civic Art project manager serves as a non-voting advisor to the PCC and facilitates the selection process.
